TOMORROW

REDDING COLLEGIATE ACADEMY

3200 Adams Lane, Redding, CA 96002 • (530) 224-4240 • Chuck Seligman, Principal

Welcome to Redding Collegiate Academy (RCA), where we challenge students to become the innovators and explorers of tomorrow. We customize your child's learning experience by providing a personalized educational plan in an environment where children thrive. RCA's commitment to building a strong partnership with families is bound to our core belief, that when "we work as a team, we can focus on the most important elements of each child's success."

RCA is a high-performing preparatory school that blends best practices of traditional instruction with e-learning, and real world experiences to equip K-12 students for life.

Becoming part of the RCA family makes you part of a wonderful educational experience that not only propels your child toward reaching their academic potential, but also fosters their development of ideals, values, and the pursuit of interests.

RCA believes that by working together, we can cultivate students' knowledge through many rigorous, interest-based, relevant, and high quality learning experiences.

RCA helps students to identify their character strengths and continue to build them each year. We know that when students become aware of their strengths and then infuse them into educational experiences, the benefits will continue through college and into adulthood.

We are excited that you will be joining us for a year filled with learning adventures.
Sincerely,

ENROLLMENT PROCESS

A Redding Collegiate Academy parents complete our online interest form (rca.eesd.net) to schedule and enrollment meeting with the school principal. Parents then complete the Enrollment Express form at eesd.net. If you prefer completing paper enrollment packet, you may pick one up from our office. The following documents are required along with the completed enrollment form:

- One legible copy of the birth certificate or passport
- One legible copy of immunization records or signed medical exemption
- Pre-enrollment survey (included in packet)
- For high school students, please include a copy of your transcript

If your child has an Individual Education Plan (IEP) or has been on an IEP in the past, please include a copy of the student's most recent IEP. (If the student has been exited from special education, please include a copy of the exit IEP).

Once we have received completed enrollment forms and required attachments, Redding Collegiate Academy will contact you to set up an initial orientation meeting. During this meeting, our program requirements will be reviewed and we will answer any questions you may have. Providing all parties are in agreement, enrollment will be finalized.

A master agreement will be completed during your first meeting with your Teacher of Record. This document is a state requirement for all independent study students.

MASTER AGREEMENT

The Master Agreement outlines how the teacher, student and parent will work together and how the student's educational program will be structured. It states the maximum interval between meetings, parent, student, and teacher participation requirements at the meetings and documents the location and time of meetings. It also specifies methods of study and evaluation and lists the responsibilities of the student, parent, and teacher as participants in the school.

No enrollment is considered complete until the Master Agreement is filled out and signed by all parties. As a legal document, the terms of the master agreement are not subject to negotiation.

For all re-enrolling or new students, the Master Agreement must be completed prior to the student's first day of instruction.

PARENT ROLES AND RESPONSIBILITIES

Redding Collegiate Academy's model of education is a collaborative effort between the student, parent, and teacher. During our initial meeting, your child's teacher will discuss in detail the elements of the Master Agreement that define roles, policies, and procedures that relate to enrollment.

Parents shall, through specific enrollment and procedural contracts, accept responsibility for their children's daily education. They agree to:

- Be involved and responsible for daily teaching and monitoring the day-to-day student work.
- Collaborate with the teacher to personalize their child's instruction or elect to have their teacher choose their student's curriculum.
- Implement the instructional program under the guidance of the independent study teacher.
- Correct and grade daily work.
- Collaborate with the independent study teacher to review their child's academic achievement.
- Be present at ALL meetings between the independent study teacher and student at a mutually agreed upon location.
- Insure that the student has adequate space and materials needed to complete their school work.
- Insure student attends and has transportation to required state and school-mandated testing.
- Insure student attends and has transportation to services and assessments required by IEP (for special education students).

Parents agree to meet with the independent study teacher at least every 20 school days or as required by student learning needs. The parent or the independent study teacher may request additional meetings.

Parents agree to have their student's progress assessed through current state- and school-mandated tests

In addition to state- and school-mandated assessments, parents agree that their student's progress may be assessed using a variety of the following:

- Parent/teacher observations
- Review of student work at scheduled meetings, during tutoring, and instructional workshops
- E-Learning assessments
- Portfolios
- Student sharing of project-based learning, demonstrations, and presentations
- Unit, chapter, and other summative tests

Curriculum, materials, and classes used by the student shall support the California State Frameworks and Content Standards.

Students may be disenrolled from the program for failing to meet the terms of the policies and procedures laid forth in the Student-Parent Handbook, Master Agreement, Board Policies, and Administrative Regulations.

TEACHER ROLES AND RESPONSIBILITIES

Parents can expect that their Independent Study Teacher will:

- Facilitate the overall educational program of the student.
- Collaborate with parent in choosing curriculum appropriate for their child.
- Collaborate with the parent in developing written assignments for daily work.
- Select and evaluate the required work samples per subject per learning period.
- Meet with student AND parent face-to-face for at least one hour at least every 20 school days. This meeting time may be spent evaluating student work, giving instruction, consulting with parents, observing student activities, issuing assignments, or other. Note: Additional parent and student communication will be weekly via telephone, email, videoconferencing, during school site events (classes, workshops, labs, and enrichment) to support student success. The frequency of student meetings may be increased based on the needs of the student.
- Review student progress with student and parent at every meeting.
- Consult with parent on student's progress toward meeting grade level standards throughout the year.
- Inform parents of school events and programs.

TEACHER COMMUNICATION

It is our goal to provide exceptional service to each family and as we work together to meet independent study requirements. Parents should expect the following standards to be met:

Your teacher will be available during normal business hours. However, much of an independent study teacher's job involves meeting face-to-face with students and their families. Therefore, all teachers have access to voicemail, and computers (for email, videoconferencing, Remind, and collaboration). You can expect your teacher to return your communications within one business day. Teachers are not required to work evenings, weekends, or school holidays. Enterprise Elementary School District's board policy requires a minimum of one face-to-face meeting between the independent study teacher, parent and students every twenty school days. Parents have the right to request meetings up to the frequency of one hour per week. Families should also respect the teacher's time and refrain from rescheduling meetings. When it does become necessary to reschedule a meeting, please give your teacher at least 24 hours advance notice. The meeting location will be at Redding Collegiate Academy. However, if your educational program has an online component, then it may be possible to hold meetings through video conferencing.

TEACHER VISITS

RCA cares about their students and we want to help each family support and coach their children. RCA teacher's primary responsibility is to help each child learn by overseeing student progress, making new assignments, individualizing instruction to support learning goals. Teachers appreciate when their families are on time and prepared for the visit. We provide a quiet location with minimal distractions.

K-8 EVALUATION OF STUDENT LEARNING

Your supervising teacher will want to see and hear about your child's progress in each subject. Your teacher will want to look at all the work that your child has completed during the learning period. He/she will ask you for specifics about student lessons, activities, and projects completed during the assignment period. If you have concerns or questions about your child's learning, you may ask your teacher. You can expect your teacher to ask questions about how your son/daughter did on major assignments and give suggestions for upcoming assignments.

HIGH SCHOOL EVALUATION OF STUDENT LEARNING

The high school supervising teacher's job is to support the student and parents(s), develop learning resources, assess learning, create a personalized learning plan, and guide learning.

RCA's high school academic counselor will evaluate all transcripts and support the development of 4 year plans for all students.

Each student has a responsibility to communicate their interests, be open and contribute toward making learning enjoyable, team with the teacher and parent(s) to determine assignments, follow through on educational commitments, and complete all assignments.

The supervising teacher, parent(s) and student work together to determine grades. The supervising teacher will gather input from all teachers working with your student. The supervising teacher is the "teacher of record" and they are responsible for assigning grades.

COLLECTION OF STUDENT ATTENDANCE SUMMARY LOG

The teacher with the assistance of the parent document student daily attendance by documenting the assignments completed with the assignments written into the personalized learning plan.

The parent with the assistance of the teacher documents student daily attendance by documenting an assignment or learning activity for each day of the learning period.

UPCOMING RCA EVENTS

Your teacher will share any information about upcoming RCA events. You will also receive a monthly calendar of school events within the newsletter. You have the option to receive text messages that link you to online forms where you can sign up for school events and activities. You may also synchronize the RCA Google Calendar with your computer or phone.

ASSIGNING LESSONS AND PROJECTS

Your supervising teacher will work with you to assign work in all subjects for the coming assignment period. Your teacher will create a work record sheet with the agreed upon assignments listed. The teacher will use this list to confirm completion of the assignments at the subsequent meeting. Families may choose to substitute different assignments during the assignment period as long as the new work is comparable to the original assignment and has been agreed upon by the supervising teacher.

COLLECTION OF WORK SAMPLES

Student work samples are the evidence of student attendance for audit purposes and become a portfolio of an individual student's progress. Your teacher will collect the following:

- A cover sheet signed by the parent, each attendance month for assigned subject areas. Work is required to be turned in at the designated appointment time, or no attendance credit may be given. If parents are unable to attend the conference due to an emergency, work may be submitted by a third party, by email, by fax, or other digital means.
- Grades K-12: Two samples from core subjects per month (language arts, math, science or social studies). Physical Education will require an activity log which documents the completion of the required number of minutes. The parent signature will be on the cover sheet to verify the completion of the required number of Physical Education minutes.
 - Elementary school districts grades 1-8, not less than 200 minutes each 10 schooldays
 - High School grades 9-12, not less than 400 minutes each 10 schooldays
- The teacher will review, provide feedback, and assign attendance credit for all student assignments. They will then collect work samples for each subject from the work. These representative samples will be those that reflect the total scope of work assignments. All work samples will be kept in the student's file. The number of work samples that will be collected will be determined by the district. Work that is not designated as a work sample will subsequently be returned to the student.

Students participate in state testing. The tests are administered on the Redding Collegiate Academy campus.

REPORTING STUDENT PROGRESS

RCA recognizes and honors that each child is unique with individual strengths, talents, and areas of need. Student progress may be assessed by but not limited to a combination of the following:

- Review of monthly work samples
- Parent/guardian and teacher observations
- Formal chapter tests
- Student presentations, projects, and demonstrations
- E-Learning assessments
- Reports visible to parents and teachers within our online curriculum
- Standardized assessments

K-8 Standards-Based Report Cards

Students are evaluated on their progress toward meeting selected grade level standards. The report card will provide information to you that clearly display your child's strengths and areas needing improvement.

High School Report Cards and Transcripts

Grade reports will be given each semester. Transcripts will be available upon request.

High School Diploma

Redding Collegiate Academy (RCA) works with students and families to help determine, based on student goals, the educational options that will work best for each student. Our goal is for all students to earn an accredited high school diploma. This will require meeting certain requirements listed under "Graduation Requirements." There are many options and methods leading to a diploma that meet the requirements of the California Department of Education. RCA is accredited by the Western Association of Schools and Colleges.

Graduation Requirements

Course requirements and credits for a diploma are listed as follows: 5 credits is equal to one semester of coursework and on a regular schedule of courses, students will complete approximately 60 credits in one school year. The course requirements listed below meet the requirements for admission into the CSU/UC system. Students not attending a CSU or UC must meet the “State Minimum Course Requirements” and complete 230 credits to receive a diploma.

Graduation Requirements		CSU/UC Requirements

RCA’s Academic Counselor will help you to plan how and when to take your courses, complete the above graduation requirements, and demonstrate proficiencies throughout high school. Students planning to attend a CSU/UC school will take two years or more years of a category “D” lab science. Your Academic Counselor will adjust the 4 year plan to match your academic goals.

Student Options

Students may choose to take the California High School Proficiency Exam (CHSPE) and move on to community college or other activities. Students are eligible to take this exam during the second semester of their 10th grade year or at age sixteen. It is offered several times per year and takes careful planning and preparation to pass. If a student desires this option, they should let RCA’s Academic Counselor know as soon as possible so that we can design a learning plan that will help the student pass the exam. There is a fee paid by the family to the state for the administration of the CHSPE.

The admission policies to some four year colleges and universities allow for applications from students in non-traditional educational settings. Early information on precise requirements is essential if a student choosing not to complete high school graduation requirements in specific subjects wants to apply for college.

Career and Technical Education

RCA is continuing to develop CTE pathways for students.

Shasta College

Students at RCA may take up to 11 units per semester at Shasta College, in accordance with college regulations. High school credits will be awarded at the rate of $3\frac{1}{3}$ high school credits for each college credit. For each semester a student wishes to take a class at the college, the following procedure must be followed to enroll at the college:

- Make an appointment with Mr. Seligman or the Academic Counselor to determine eligibility, appropriate class level, educational goals, etc.
 - Get from Mr. Seligman or the Academic Counselor:
 - Concurrent enrollment form, signed by Mr. Seligman. This must also be signed by the student's parent or guardian. NOTE: When RCA signs a Shasta College concurrent enrollment form we are endorsing for Shasta College that the student can handle college level coursework. Students applying to take courses at the college must have shown exceptional ability in academics and dedication to learning.
 - For the College:
 - Complete an online application.
 - Take the assessment tests for reading, writing, math (if required by Shasta College).
 - Grades 9-12 may enroll on a date determined by the college. Check with the college or Academic Counselor for each semester enrollment date.
- Fees
 - Currently junior high and high school students taking classes at Shasta College only pay the Student Center fee and the Health Center fee. Per unit fees are waived.
- Textbooks
 - RCA does not purchase textbooks. Students may purchase or rent books at the college bookstore or online from a site like half.com, amazon.com, chegg.com or abebooks.com. If you order online, make sure to acquire the textbook immediately after you enroll in a course.
- Academic Progress
 - Students must pass Shasta College classes with at least a "C" in order to take classes at Shasta College the following semester.

- If a student fails a Shasta College class, the student may be put on academic probation until RCA administration determines the student is adequately prepared to complete a college course.
- Credits from a community or other college can be counted for high school graduation under the following conditions:
 - Any credits taken during grades 9-12 can be used (at Shasta College remedial course numbers would be the 200 and 300 series courses).
 - The course must be completed with a passing grade.
 - Courses taken before the ninth grade may be used if they are academic in nature and qualify to be used toward a college AA or higher degree (at Shasta College theses would be in the 1 to 199 numbered courses.)
 - GPA for college courses will be counted on a 5 point scale (Advanced Placement level) if the student achieves a B or A grade in the course and if the course is a transferable, academic university level course. The exception would be Shasta College courses numbered 200-300 which will be counted on a 4 point scale.
 - Credits that are used will be counted at 3 ½ times the credit issued by the college.

Academic Intervention Plans

These documents will be developed for students who are not making satisfactory progress towards the standards. We will work closely with families to explore strategies the school will use to help each child. It is important that parents support the school's effort to help their child. Some students may need additional instructional minutes to help improve his or her progress. Supervising teachers and parents will collaborate on the most appropriate means for intervention. Students needing additional time for academic support will have this added to their weekly assignment sheet.

Work Permit Procedure

1. Come into the office and pick up a work permit application. Fill out the student section and have a parent sign where indicated.
2. Take the application to the employer and have them fill out the employer portion.
3. Return completed work permit application to RCA office. We will issue a work permit. Work permits may take up to 24 hours to process.
4. Work permits for students not enrolled in Work Experience Education will be written for no more than 4 hours per school day and no more than 8 on a non-school day.

Our “Cyber Lounge”

RCA has a unique and relaxing study lounge where students can enjoy a comfortable and peaceful learning environment. Students can enjoy using the Cyber Lounge as a place to study, read books from our library, work on their coursework, collaborate on projects, wait for scheduled teacher meetings, and get additional tutoring from staff.

COMMUNICATION

Change of address or telephone number: If you move or change your phone number, please notify the office at 224-4240 immediately. We must keep accurate, up-to-date information on file in case of emergency situations.

Parent Conferences: Parent conferences are held weekly throughout the year.

School Messenger: The Enterprise Elementary School District uses School Messenger phone system which allows the superintendent or principals to send information that is time sensitive and relevant to the safety and education of students in our schools. During the school year, you will receive messages related to upcoming parent nights, academic events, and reminders such as early release days. If your phone number changes please let the office staff know of the change in a timely manner.

Remind: RCA uses an application called “Remind” to send text messages which may contain links to online forms, notifications of upcoming events or cancellations, and our newsletter, “The Archer.”

DRESS CODE AND GROOMING

It is the responsibility of the District to ensure an environment that promotes learning. Students must be neat, clean, well-groomed, and ready to learn. Clothing and hairstyles must be appropriate and not interfere with instruction. In the best interest of children and the school, students must adhere to the following:

- Clothing shall cover undergarments and torso at all times and may not have holes or rips above the mid-thigh.
- Garments may not be too tight or too revealing.
- Dresses and skirts shall be at least mid-thigh in length.
- Shorts must have a minimum 3" inseam.
- Pajamas are allowed only on designated spirit days or special events planned by school administration.

- Face painting, unnatural hair coloring, or body piercing that cause a disruption or safety concern are not allowed. Hair may not be sprayed with any coloring that would drip when wet.

Administration will determine whether or not any of the above guidelines are being violated and ultimately a distraction or potential distraction to the learning environment at school.

Board Policy BP 5132

Academic Counseling: Consultation with the Academic Counselor is available for families and students for educational planning. Choices of courses and learning activities will depend on student goals that may include a high school diploma, the California High School Proficiency Exam, college or university, a multitude of interesting and valuable skills, and/or a particular job or career.

College and Financial Aid Information: Your Academic Counselor is the best resource for college and career planning.

Testing: There are many opportunities for students to improve their testing skills and take tests for college entrance, high school graduation, etc., through RCA.

CAASPP Testing: A standardized way of measuring student, and school growth, is administered each spring. The state uses CAASPP school-wide scores to determine how a school is serving its students. While we at RCA naturally tend toward more individualized ways of showing student growth, please note that student participation in the CAASPP is very important for our school. If you have any concerns regarding the test, please contact the school Principal.

PSAT: Students may take the PSAT each October to help prepare for other college entrance exams. This test is optional and there is a fee for this test. Contact RCA's Academic Counselor for registration directions.

SAT and/or ACT: RCA has applications, practice tests and manuals for college entrance exams. Students may also participate in workshops to help prepare. SAT and ACT tests are given throughout the year; test dates, applications, and study materials are available from the Academic Counselor.

Course Testing: There are many ways to document learning. Some courses will require testing at home to be corrected by parents, testing here at our campus, or a final exam. Check with your supervising teacher for testing requirements for each course.

Chromebooks: Students attending RCA will receive a Chromebook for student use. Families complete our technology use agreement and are responsible for the proper use and care of the assigned device. In the event that the Chromebook is damaged, families are responsible for the replacement or repair costs.

Rules and Procedures Related to a Safe and Orderly Campus: The Enterprise Elementary School District's policies for dress code and other pertinent disciplinary policies can be found under BP 5040 Discipline; BP 5045 Discipline - Preschool Students; BP 5180 Dress Code and Grooming; BP/AR 5131.1. Character Education is an important component of our school. Redding Collegiate Academy surveys students to identify the abundance of 8 key character strengths (curiosity, gratitude, grit, optimism, purpose, self-control, social/emotional intelligence and zest). Over the course of the school year, school staff encourage the enhancement of these character strength by infusing them into school work/projects and communication with students and parents. Students are assessed for growth throughout the year. For more information about our strengths-based approach, visit <http://rca.eesd.net>.

EMERGENCY

EMERGENCY INFORMATION AND SCHOOL CLOSING INFORMATION [EC§49408]

IN CASE OF EMERGENCY Parents are required to provide the school with the following contact information should an emergency arise. This information must be kept current, so parents must inform the school when this information changes. The required information includes home address(es) and telephone number(s); business or employment address(es) and telephone number(s); and name(s), address(es), and telephone number(s) of one or more relative(s) or friend(s) who you authorize to care for your student in any emergency situation, including the medical caregiver, if the parent or legal guardian cannot be reached. Information provided on the emergency cards will only be used in response to specific emergency situations and not for any other purpose.

In an emergency, we ask that you not telephone the school. Phone lines will be needed for emergency communication. The school will use its automated phone calling system to give parents instructions and updated information. Please do not drive to the school. Streets should be as open as possible for emergency vehicles. Tune your radio to any of the local radio stations. Information regarding the emergency and instructions for picking up students during or after the emergency will be given over the radio.

The Enterprise Elementary School District plans for, prepares for, and conducts emergency drills for emergency/crisis situations. Our school staff is trained to make certain the students understand emergency procedures. The safety and welfare of the students is our primary concern, especially in the event of an emergency. Personnel are trained in first aid. Your children should obey the directions of their teachers and follow the directions of the bus driver if they are on a bus. If walking or riding a bicycle, students should continue toward their destination should an emergency situation develop.

SCHOOL SAFETY PLAN [EC§§32286, 32288] Each school reviews and updates its safety plan by March 1. The plan includes an earthquake emergency procedure system, safety drills, and a disaster policy for buildings with a capacity of 50 or more people. Each school reports on the status of its plan and includes a description of its key elements in its annual School Accountability Report Card.

SCHOOL CLOSINGS In the event of school closure due to emergencies or inclement weather, please refer to our website, www.eesd.net and listen to KQMS radio (AM 1670, FM 105.7, FM 104.9). Please be sure to listen for Enterprise Elementary School District as Redding School District and Enterprise High School are not considered part of our district. The school will also use its automated phone calling system to give parents/guardians instructions and updated information. If inclement weather occurs after the school day has begun, school will remain open for the duration of the school day. In weather-related emergencies, you may pick up your child from school before the school day is over. If bus transportation is stopped due to weather conditions, students will remain on campus until picked up by the parent or guardian. If you have questions about our emergency preparedness programs, please contact your child's principal.

ATTENDANCE

MINIMUM AGE OF ADMISSION TO TRANSITIONAL KINDERGARTEN and KINDERGARTEN [EC§48000] Students who are 5 years of age on or before September 1 may enroll in kindergarten. Students who turn 5 years of age between September 2 and December 2 have the opportunity to enroll in a two-year kindergarten program. The first year, called transitional kindergarten (TK), provides young 5 year olds with an opportunity to adjust to the school environment and develop strong learning skills to prepare them for the rigor of 1st grade. In TK, students are exposed to reading and math in an interactive way using varied strategies and methods. TK students may participate in kindergarten activities throughout the year and may be grouped according to developmental and academic abilities with other kindergarten students. TK students learn important skills that build on what they may have learned in preschool. Research shows how important it is that students are ready academically, socially, and emotionally for 1st grade, and that children who attend kindergarten readiness programs like TK are more likely to do well in school. All TK students will attend the two-year program unless, as reflected on the EESD Kindergarten Report Card, they excel academically and demonstrate outstanding social, emotional, and developmental skills.

MINIMUM DAYS/STAFF DEVELOPMENT DAYS [EC§48980(c)] Minimum Days are indicated on the school year calendar provided and are generally on the first Monday of the month and during the week of parent conferences. At least one month's notice will be given if the minimum day schedule changes.

ABSENCES [EC§48200] Daily school attendance is compulsory for children aged 6-18. Please review the school calendar provided and plan activities and vacations during non-school days. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

The state awards funding to school districts only for actual attendance; no longer do they fund for excused absences. However, truancy reports still rely on excused and unexcused absences. There are legal consequences if your child misses school excessively. Please call your child's school office to report his/her absence. A note and/or phone call from you must be received by the school within 72 hours to clear any excusable absences. Unexcused absences result in a recorded truancy. Per EC§48205, an elementary or secondary school pupil's absence shall be excused for the following reasons:

1. Due to his or her illness, including an absence for the benefit of the pupil's mental or behavioral health. The state board shall update its illness verification regulations, as necessary, to account for including a pupil's absence for the benefit of the pupil's mental or behavioral health within the scope of this paragraph.
2. Due to quarantine under the direction of a county/city health officer.
3. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California; not more than three days if outside California.
5. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.

6. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from deployment to combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
7. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

EXTENDED ABSENCES - INDEPENDENT STUDY PROGRAM Independent Study is available so your child can keep up with his or her school work during an extended absence of 5 or more consecutive days. Please call the school office and ask them to prepare a packet of assignments which may be picked up at the office.

TRUANCY [EC§§48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC270.1, 830.1; WIC601.3] The state-defined levels of truancy, and the associated penalties to students and parents, are:

- Truant: A student is truant after missing three days of school or 30-minute periods without a valid excuse.
- Habitual Truant: A student who is truant three or more times in a school year. An effort is made to meet with parents.
- Chronic Truant: A student who has missed 10 percent or more school days in a school year.
- Interventions: Students who are habitual truants or are disorderly may be referred to our Student Attendance Review Board (SARB), the district attorney's office, or the county probation department. These programs offer guidance for improving attendance or improving school behavior.
- Student Penalties for Truancy: The first instance may result in a one-day weekend class. The second may be written warning from a peace officer that stays in the student's records. The third may result in being referred to SARB or a district attorney program. The fourth places the student within the jurisdiction of the juvenile court, and the student may become a ward of the court.
- Parent Penalties for Truancy may include a fine or imprisonment.

The attendance clerk or designee making the referral of a student to SARB or the probation department will notify the parent in writing and include the name and address of the SARB or probation department to which the matter has been referred and the reason for referral. The notice shall indicate that the student, parent, and referring person is required to meet with the SARB or the probation officer to consider a proper disposition of the referral.

SCHOOL ATTENDANCE REVIEW BOARD (SARB) SARB is a multi-disciplinary team that meets to explore options that may have been overlooked or unknown in attempts by the school or parents to resolve behavior or attendance problems. The guidelines for SARB are set forth in Ed Code, and school districts must adhere to these guidelines.

ATTENDANCE SARB Total unexcused absences may be any combination of full day unexcused and/or unexcused tardiness over 30 minutes. Unexcused tardiness over 30 minutes includes both coming to school late and leaving school early. An initial notification of truancy or excessive absences can be sent after 3 unexcused or 10 excused absences; a second notification is sent after 5 total unexcused absences or 12 total excused absences; a third notification is sent after 7 total unexcused absences or 15 total excused absences. The third notification, sent to

notify parents/guardians of the date, time, and location of the local SARB board, is copied to the County SARB board. Parents and the student are required to attend the SARB meeting which generally takes 30 minutes, and at the conclusion, a SARB contract is fashioned, and a copy is provided to all parties. Should the contract be violated, *i.e.*, there are any more unexcused absences or excessive excused absences), the fourth notification letter is sent to the parent/guardian and the parent/guardian may be referred to the District Attorney's Office for prosecution.

BEHAVIOR SARB An initial notification is sent at the discretion of the administrator when the student's misbehavior has become habitual and irresolvable at the classroom level. A parent meeting will be scheduled and held regarding the behavior issue. A second notification is sent at the discretion of the administrator after the first letter/efforts fail to address the student's behavior problem. This letter serves to notify parents/guardians of the time, date, and location of the SARB hearing. The SARB Board will evaluate the student's school placement, and a contract may be fashioned at/after the hearing.

SARB OUTCOMES It is the desire of the District and the SARB Board that a solution to attendance and/or behavior issues can be identified and implemented. Parents/Guardians of students who continue to have poor attendance following the SARB hearing may be referred to the District's Attorney's Office for prosecution. Students on an IEP or 504 are subject to SARB as per ED Code.

SARB APPEALS Families may appeal a local SARB at the county level. Requests for an appeal must be submitted to the Shasta County SARB Office within 10 calendar days of the date of the original SARB hearing, and the appeal may not be based solely on one's dissatisfaction with the decision of the local SARB; appeals will be heard only if it appears that there was a breach of due process.

INTERDISTRICT AND INTRADISTRICT ENROLLMENT [EC §§35160.5, 46600-46611, 48204, 48206.3, 48300-48315, 48980] If you wish for your child to attend another school in our District, please complete an Intradistrict Transfer Form which is available at the school office. Our district also allows students to transfer to or from other districts (interdistrict). For more information on these transfers, enrollment options, and alternative schools, and their associated forms, please contact the district office at 530-224-4100.

CHILDREN OF MILITARY SERVICE MEMBERS - RESIDENCY [EC §§48204.3] A student complies with a school district's residency requirements for school attendance if the student's parent is transferred or is pending transfer to a military installation within the state boundaries of the school district while on active military duty pursuant to an official military order. School districts must accept applications by electronic means for enrollment, including enrollment in a specific school or program within the district, and for course registration. The parent must provide proof of residency in the school district within 10 days after the published arrival date provided on official documentation.

A student from an active duty military family who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended or if the student is unable to produce clothing or records normally required for enrollment.

If the parent/guardian's military service ends during the school year, then the student is allowed to stay in his/her school of origin for the remainder of the school year if he/she is in grades 1-8, or through graduation if the student is in high school.

RESIDENCY RETENTION FOR MIGRATORY CHILDREN [EC §§54441] Currently migratory children, who are enrolled in a school district due to a parent's or immediate family member's temporary or seasonal employment in an agricultural or fishing activity, as defined by Education Code section 54441, must be allowed to continue in their schools of origin, regardless of any change of residence during that school year, for the duration of their status as

migratory children. When a student's status as a migratory child changes during the school year, the school district must: (1) allow K-8th graders to continue in their schools of origin for the remainder of that school year; and (2) allow 9-12th graders to continue in their schools of origin through graduation. Migratory children and their parents/guardians must be informed of the impact that remaining in their schools of origin will have on their eligibility to receive migrant education services.

RESIDENCY RETENTION FOR THE STUDENTS OF DETAINED OR DEPORTED PARENTS [EC §§48204.4]

Students retain residency in a school district, regardless of the students' current residency, when both of the following requirements are met: (1) The student's parent or guardian has departed California against his or her will, and the student can provide official documentation evidencing the departure; and (2) The student moved outside of California as a result of his or her parent or guardian leaving the state against his or her will, and the student lived in California immediately before moving outside the state. The student must provide evidence of enrollment in a California public school immediately before moving outside the state.

Deported parents may designate another adult to attend school meetings and to serve as an emergency contact. No charges or fees of any kind, as allowed under Education Code section 48050, may be required for admission or attendance in these circumstances.

IMMIGRATION ENFORCEMENT - "KNOW YOUR RIGHTS" [EC §§234.7] All students have the right to a free public education, regardless of immigration status or religious beliefs. For more information, please see the resources developed by the California Attorney General at <https://www.oag.ca.gov/immigrant/rights>

ATTENDANCE WHERE CAREGIVER RESIDES [EC §§48204(d), 48980(h)] Your child may attend the school district of his/her caregiver's residence if your child lives with a caregiver, as defined by law. An affidavit, sworn under penalty of perjury, by the caregiving adult is required to determine that your child lives in the caregiver's home.

INDIVIDUALIZED INSTRUCTION/TEMPORARY DISABILITY (EC §§48206.3, 48207-48208) Individualized instruction either: (1) at home, provided by the school district in which the student resides; or (2) in a hospital or other residential health facility, excluding state hospitals, is available to students with temporary disabilities whose disability makes attendance in the regular day classes or alternative education program in which the student is enrolled impossible or inadvisable. Parents of students hospitalized or with a temporary disability should notify the school district where the student receives care if an individualized instruction program is desired.

"Temporary disability" means a physical, mental or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program to which the student can reasonably be expected to return. "Temporary disability" does not include a disability that would qualify a student as a "student with exceptional needs" under Education Code section 56026.

A student with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the school district in which the pupil's parent or guardian resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. Once the parent has notified the district in which the hospital is located of the student's presence in the qualifying hospital, the district has five working days to notify the parent if individualized instruction shall commence within five working days.

Individual instruction in a student's home must commence no later than five working days after a school district determines that the student shall receive this instruction.

When a student receiving individual instruction is well enough to return to school, she/he must be allowed to return to the school that she/he attended immediately before receiving individual instruction was initiated.

Students enrolled in individual instruction in a hospital or other residential health facility for a partial week, are entitled to attend school in his/her school district of residence, or to receive individual instruction provided by

the school district of residence in the student's home, on days in which he or she is not receiving individual instruction in a hospital or other residential health facility, if she/he is well enough to do so.

Absences from the student's regular school program due to the student's temporary disability are excused until the student is able to return to the regular school program. (Ed Code §§ 48206.3(b)(2), 48207, 48207.3, 48207.5, 48208, and 48240(c).)

NOTICE OF ALTERNATIVE SCHOOLS [EC§58501] State law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located. In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

INSTRUCTION

TEXTBOOKS AND LIBRARY BOOKS Our district receives money from the state to purchase new curriculum. Textbooks cost up to \$85 each and are expected to last until the next textbook adoption cycle. It is the student's and the parent's responsibility to ensure books are not lost or damaged. All students will be allowed to take textbooks and library books home and parents will be liable for their replacement costs if lost or damaged. However, if a parent wishes that their child NOT be permitted to take textbooks and/or library books home, the parent must write a letter indicating their wishes, to the Office of the Superintendent, 1155 Mistletoe Lane, Redding, CA 96002.

PROSPECTUS OF SCHOOL CURRICULUM [EC§49091.14] The curriculum of every course offered by the schools of the district is compiled annually in a prospectus which is available for review upon request at each school site. Copies are available upon request for a reasonable fee not to exceed the actual copying cost.

TEACHERS [NCLB, 20 USC §§6301] Upon request, parents have a right to information regarding the professional qualifications of their student's classroom teachers, paraprofessionals, and aides. This includes whether the teacher meets the state qualifications and licensing criteria for the grades and subjects s/he teaches, whether the teacher is teaching under an emergency permit or other provisional status because of special circumstances, the teacher's college major, whether s/he has any advanced degrees and the subject(s) of those degrees, and whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications. Districts shall also notify parents if their child has been assigned to or has been taught for 4 or more consecutive weeks by a teacher who is not highly qualified.

EMPLOYEE CODE OF CONDUCT - INTERACTION WITH STUDENTS [EC §§44050] The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals. In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning
2. Shall not unreasonably deny the student access to varying points of view
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety
5. Shall not intentionally expose the student to embarrassment or disparagement
6. Shall not on the basis of race, color, creed, gender, national origin, marital status, political or religious beliefs, family, social, or cultural background, or sexual orientation, unfairly:
 - a. Exclude any student from participation in any program
 - b. Deny benefits to any student
 - c. Grant any advantage to any student
7. Shall not use professional relationships with students for private advantage
8. Shall not disclose information in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.

STUDENT USE OF TECHNOLOGY

RESPONSIBLE USE AGREEMENT AND RELEASE OF DISTRICT FROM LIABILITY (STUDENTS)

The Enterprise Elementary School District authorizes students to use technology owned or otherwise provided by the district as necessary for instructional purposes. The use of district technology is a privilege permitted at the district's discretion and is subject to the conditions and restrictions set forth in applicable Board policies, administrative regulations, and this Responsible Use Agreement. The district reserves the right to suspend access at any time, without notice, for any reason.

The district expects all students to use technology responsibly in order to avoid potential problems and liability. The district may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

Each student who is authorized to use district technology shall have on file at his/her school acknowledgement of receipt of this Enterprise Elementary School District Acceptable Use Agreement and Release of District from Liability, signed by his/her parent/guardian (and student, where applicable) as an indication that they have read and understand the agreement.

District technology includes, but is not limited to, computers, Chromebooks, the district's computer network including servers and wireless computer networking technology (Wi-Fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally-owned equipment or devices.

STUDENT OBLIGATIONS AND RESPONSIBILITIES Students are expected to use district technology safely, responsibly, and for educational purposes only. The district reserves the right to monitor all online communications for improper use. The student in whose name district technology is issued is responsible for its proper use at all times. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students are prohibited from using district technology for improper purposes, including, but not limited to, use of district technology to:

- encourage the use of drugs, alcohol, or tobacco, nor shall they promote unethical practices or any activity prohibited by law or district policy.
- access, post, submit, publish, or display harmful or inappropriate matter that is libelous, threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs. A special exception for access may be made for hate literature if both the teacher and the parent/guardian provide approval prior to the start of the project and the purpose of such access is to conduct research.
- email using district technology unless it is for educational assignments as directed by the teacher to communicate with adults and other students regarding their learning activities. Students are expected to keep messages brief and use appropriate language and shall not read mail or files intended for other users; they shall not attempt to interfere with other users' ability to send or
- receive electronic mail, nor shall they attempt to read, delete, copy, modify, or forge other users' mail. School staff, administrators, and parents have access to student email for monitoring purposes. No expectation of Internet/e-mail privacy is afforded students.
- disclose, use, disseminate, or post personal contact information about themselves or other people. Personal contact information includes the student's name, address, telephone number, social security number, school address, or other individually identifiable information.
- agree to meet with someone they have met online without their parent's or legal guardian's approval and participation.
- attempt to gain unauthorized access to the district system or to any other computer system through the district system, or go beyond their authorized access. This includes attempting to log in through another person's account or access another person's account or access another person's files. These actions are illegal, even if only for the purposes of "browsing."
- intentionally upload, download, or create computer viruses and/or maliciously attempt to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking." These actions are illegal. Vandalism will result in discipline and/or legal action and the cancellation of user privileges.
- infringe on copyright, license, trademark, patent, or other intellectual property rights without the expressed consent of the creator. This includes the use of copyrighted materials for use in school assignments, trading with others, or any publication.
- plagiarize works that they find on the Internet or from someone they know. Plagiarism is taking the ideas or writings of others and presenting them as if they were original to the student.
- alter any system settings, system network configurations, or Internet browser settings, which include the installation of add-ons and toolbars or download, install, or copy computer software programs or other computer files. This includes copying audio or video CDs or DVDs, or other copyrighted material to the computer or network resources.
- engage in any illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of another person, etc.

PRIVACY Since the use of district technology is intended for educational purposes, students shall not have any expectation of privacy in any use of district technology. The district reserves the right to monitor and record all use of district technology, including, but not limited to, access to the Internet or social media, communications sent or received from district technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of

improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of district technology (such as web searches and emails) cannot be erased or deleted. All passwords created for or used on any district technology are the sole property of the district. The creation or use of a password by a student on district technology does not create a reasonable expectation of privacy.

PERSONALLY-OWNED DEVICES A student who uses a personally-owned device to access district technology, shall abide by all applicable Board policies, administrative regulations, and this Acceptable Use Agreement. Any such use of a personally-owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

REPORTING A student who becomes aware of any security problem (such as any compromise of the confidentiality of any login or account information) or misuse of district technology, shall immediately report such information to the teacher or other district personnel. A student who receives any message that is inappropriate or makes them feel uncomfortable will promptly disclose the message to their teacher or other school employee.

CONSEQUENCES FOR VIOLATION Violations of the law, Board policy, or this agreement may result in revocation of a student's access to district technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the law, Board policy, or this agreement may be reported to law enforcement agencies as appropriate.

PARENT/GUARDIAN ACKNOWLEDGEMENT Parent/guardian signature on the acknowledgement gives permission for his/her child to use district technology and/or to access the school's computer network and the Internet, and acknowledges that parent/guardian has read, understands, and agrees that his/her child shall comply with the terms of the Responsible Use Agreement. Parent/guardian further acknowledges that, despite the district's best efforts, it is impossible for the school to restrict access to all offensive and controversial materials. Parent/guardian agrees to release from liability, indemnify, and hold harmless the school, district, and district personnel against all claims, damages, and costs that may result from his/her child's use of district technology or the failure of any technology protection measures used by the district. Further, parent/guardian accepts full responsibility for supervision of his/her child's use of his/her access account if and when such access does not take place in the school setting.

IMPERSONATION ON THE INTERNET [PC§528.5] Pretending to be a real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year.

GIFTED AND TALENTED PROGRAM The gifted and talented program has been incorporated into the regular school day. All students have the opportunity to participate in various activities designed to expand their academic strengths. In addition, we encourage students to participate in after-school clubs to strengthen their skills and to delve into areas of interest.

FINE ARTS EESD has a proud tradition of valuing the importance of visual and performing arts education. Because the arts enhance the academic and socio-emotional development of children, we continue to include dance, music, theatrical experiences, and visual arts throughout the K-8 continuum. Students receive fine arts instruction throughout the year. The curriculum at each grade level builds on the learning in prior years. Examples of fine arts education include:

- Parsons Junior High School offers students the opportunity to be involved in Beginning, Intermediate, Advanced, or Jazz Band; these bands have received top honors in competitions throughout the state. Vocal performance groups include Special Concepts, Concert Choir, Star Choir, and Music in Motion (includes dance), some of which have been recognized for excellence in both state and local venues. Parsons also offers an Art elective.
- At Mistletoe, the music program encompasses a wide range of experiences, including K-5 music appreciation classes, 4th and 5th-grade choir, 5th-grade band, 6-8 Bulldog Show Choir (vocal/dance performing group), 6-8 Advanced Choir, and 6-8 Bulldog Band. In addition, Mistletoe offers an after-school Art Club (3rd-8th) and an Art elective for 6-8 grades. Within classrooms, student interact with a wide range of visual and performing

performing arts experiences, enjoy practicing towards key performances, and learn essential skills that serve to enhance their overall development as children.

- Boulder Creek offers opportunities to students from intermediate elementary through their junior high/middle school years to explore and develop their musical interests, and to prepare them for our area's excellent high school music programs. Beginning in 4th grade, every elementary student receives weekly music instruction in beginning music notation literacy, beginning music history, and beginning instrumental and choral lessons. 4th and 5th graders can also sign up for a special "pull-out" choir performance class. 5th graders can choose to sign up for choir or band. In middle school, all students have the chance to sign up for year-long elective classes in Band and/or Choir, and experienced singers are encouraged to audition for our advanced singing/a cappella group, The Sound Bearriers. Other electives offered in Fine Arts include Drama and Art Design.

TITLE I PROGRAM The federally-funded Title I program is designed to improve the academic achievement of disadvantaged students. Title I funds are used to provide eligible students with supplemental services to reinforce the core curriculum and to assist students in attaining proficiency on state academic standards and assessments. All of our schools receive this funding. Students receive assistance through interventions provided in the regular classroom or in small group settings. Parents will be notified if their child is in need of an intervention.

AFTER SCHOOL PROGRAMS Each of our schools has an after-school program where activities are available until 6:00 p.m., each school day. Services are based on goals and objectives that align with district and state standards. Enrichment and recreational activities are offered on a regular basis. Students must be enrolled in one of the participating school sites to attend these programs. For additional information on the after-school program, contact your child's principal.

CAREER COUNSELING [EC§221.5] When students are provided career counseling and course selection opportunities, all students are provided equal services. Parents may participate in counseling sessions.

LIMITED ENGLISH PROFICIENT STUDENTS [EC§§52163, 52164.1, 52164.3, 52173, T5 11303, USC Title 20 6312] Notification will be given to parents of limited English proficient students regarding limited English proficiency programs including the reasons for the identification of the student as limited English-proficient, the need for placement in a language instruction educational program, the student's level of English proficiency, how the level was assessed, the status of the student's academic achievement, the methods of instruction used in the programs available, how the recommended program will meet the student's needs, program performance, parent options to remove a student from a program and/or to decline initial enrollment, and expected rate of transition into classrooms not tailored for limited English-proficient students.

ENGLISH LANGUAGE EDUCATION [EC§305-310] State law requires that when parents/guardians of 30 or more students at a school or 20 or more students in any grade level at a school request a particular language acquisition program, the District shall offer that program at the school site to the extent possible. In the structured English immersion program, nearly all classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English.

PHYSICAL EDUCATION AND SPORTS [EC§49475, 60800] The District recognizes the positive benefits of physical activity on student health and academic achievement and provides all students the opportunity to be physically active on a regular basis through physical education (PE) instruction. The PE program provides a minimum of 200 minutes of PE every 10 days. Students with disabilities are provided instruction in PE in accordance with their individualized education program or Section 504 accommodation plan. PE instruction is delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers. Students in grades 5 and 7 are given a standardized physical fitness test as required by EC§60800. In addition to PE classes, a variety of sports activities are offered at each school. Parents and students are encouraged to review the information on concussions and head injuries included in the HEALTH section of this handbook

SEXUAL HEALTH INSTRUCTION 7th & 8th Grade - California Healthy Youth Act (EC 51930-51939)

The purpose of the CHYA is as follows:

- To provide students with the knowledge and skills related to recognizing, building, and maintaining healthy relationships that are based on mutual affection and free from violence, coercion and intimidation. This includes teaching decision-making and communication skills and helping students understand the value of and prepare for committed relationships, such as marriage. It also includes information about unhealthy behaviors and risks to their health, such as sexual harassment, sexual assault, intimate partner violence, and sex trafficking. (EC §§ 51930(b); 51933(f), (g), (h); 51934(a)(10))
- To provide pupils with the knowledge and skills necessary to protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy;
- To promote understanding of sexuality as a normal part of human development;
- To ensure pupils receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction.

The law requires that this content be taught once in middle school and once in high school. It is the policy of the Enterprise Elementary School District that this instruction will not extend beyond these required grades. The curriculum is divided so that anti-trafficking is generally taught in 7th grade, and sexual health and HIV prevention are taught in 8th grade.

This information may be presented by school personnel and/or an outside organization or guest speaker in individual classrooms, combined classes, or assemblies and will align with and support the purposes of the California Healthy Youth Act and not be in conflict with them. (EC § 51933 (c) Abstinence from sexual activity and injection drug use shall be taught within the context of comprehensive sexual health and HIV prevention education (*EC* 51934[3]); however, abstinence-only education is not permitted in California public schools.

The Enterprise Elementary School District respects the rights of parents to make decisions about how they supervise their children's education on this subject matter. Parents/guardians shall be notified in writing at least 14 days before students are offered any instruction in which human reproductive organs and their functions, processes, or diseases are described, illustrated, or discussed. This notification shall inform parents/guardians that they may request in writing that their child not attend the class. No student shall attend such instruction if the school receives this request prior to the start of the class. (Education Code 51550, 51820) At the parent/guardian's request, any student may be excused from any part of sexual health instruction. (Education Code 51240). All materials used for the above instruction shall be available for inspection by parents/guardians at reasonable times and places prior to the onset of instruction. The above notification shall inform parents/guardians of their right to inspect these materials. (Education Code 51550, 51820)

To parents of fifth grade students: Districts must notify parents if students are provided classes in which human reproductive organs and their functions and processes are described, illustrated, or discussed. Parents may submit a written request to their child's school office if they want their child to be excused from such classes. If written notice to exclude a child is not received prior to the start date of the class, the child will be allowed to attend the class. The materials in this area of instruction are available to parents for previewing. Parents will be notified prior to the parent preview night of the date, time and location. District nurses are available by telephone (530-224- 4100) to discuss the content or answer any questions.

HEALTH INSTRUCTION-CONFLICTS WITH RELIGIOUS TRAINING AND BELIEFS [EC§51240] Upon written request of a parent, students shall be excused from the part of any school instruction in health if it conflicts with the religious training and beliefs of a parent.

INSTRUCTION/INFORMATION ON SEXUAL HARASSMENT The Superintendent or designee ensures that all district students receive age-appropriate instruction and information on sexual harassment including what acts and behavior constitute sexual harassment, and the fact that sexual harassment could occur between people of the same gender, a clear message that students do not have to endure sexual harassment, encouragement to report observed instances

sexual harassment, even where the victim of the harassment has not complained, and information about the person(s) to whom a report of sexual harassment should be made. Any student who feels that s/he is being or has been subjected to sexual harassment shall immediately contact his/her teacher or any other employee. A school employee to whom a complaint is made shall report it to the principal or designee within 24 hours of receiving the complaint. Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the principal or designee, whether or not the victim files a complaint. In any case of sexual harassment involving the principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to the Office of the Superintendent or designee. The Superintendent, principal, or designee to whom a complaint of sexual harassment is reported shall immediately investigate the complaint in accordance with administrative regulation. If the investigator finds that sexual harassment occurred, s/he shall take prompt, appropriate action to end the harassment and address its effects on the victim. The Superintendent, principal, or designee shall also advise the victim of any other remedies that may be available. Where required, the matter may be referred to law enforcement authorities.

ANNUAL STANDARDIZED TESTING AND REPORTING Each year, the District administers standardized testing. This testing includes: 3rd-8th and 11th grade testing in Language Arts and Math; 5th, 8th and 11th grade testing in Science. The testing window is approximately 15 instructional days that includes 6-8 testing days. Each year, parents and guardians will be notified regarding their student's participation in the CAASPP assessment system. A parent/guardian may submit to the school annually a written request to excuse his/her child from any/all parts of any test. District employees may discuss the testing program with parents/guardians, and may offer information on the availability of exemptions under EC 60615. However, the District and its employees shall not solicit or encourage any written exemption request on behalf of any student or group of students. (5 CCR 852). Within 20 days of receiving the results of the standardized achievement tests, parent/guardians will be notified of the results of the tests, the purpose of the tests, and the individual score and intended use. If you have any questions, contact the site Principal.

SPECIAL EDUCATION SERVICES

SPECIAL EDUCATION (IDEA) State and federal law requires that a free appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. More information concerning student eligibility, parental rights and procedural safeguards is available upon request.

SPECIAL EDUCATION; CHILD FIND SYSTEM [EC§§56300, 56301] Any parent suspecting that a child has exceptional needs may request an assessment for eligibility for special education services through the school principal. Policy and procedures shall include written notification to all parents of their rights. Additionally, the District has an affirmative and ongoing obligation for identifying, locating and evaluating all children with disabilities residing within its jurisdiction who may be in need of special education and related services. 34 CFR 300.11 (a)(1)(i). Prior to conducting an assessment in all areas of suspected disability, the District will obtain written consent from the student's parent or guardian in accordance with the law.

SPECIAL EDUCATION COMPLAINTS [5 CCR§3080] State regulations require the district to establish procedures to deal with complaints regarding special education. If you believe that the district is in violation of federal or state law governing the identification or placement of a special education student, or similar issues, you may file a written complaint with the district. State regulations require the district to forward your complaint to the State Superintendent of Public Instruction. Procedures are available from your school principal.

SECTION 504/DISABLED PUPILS [Rehabilitation Act of 1973§504] Federal law requires districts to annually notify disabled pupils and their parents of the district's non-discriminatory policy and duty under Section 504 of the Rehabilitation Act.

HEALTH SERVICES

The district employs registered nurses who evaluate students' health needs (including vision, hearing, dental, growth and development, scoliosis screening, etc.). District nurses provide direct health services to students and staff, and serve as a resource for health care referrals to various community programs. Health-related concerns should be directed to the district nurses. The district also employs both health and student services clerks who provide first aid care, assist students with medication, and maintain health records under the direction of the district nurses. Your child may be exempt from physical examination if you file a written statement with the school principal stating that you will not consent to routine physical exam of their child. However, whenever there is good reason to believe the child is suffering from a recognized contagious disease, the child will be excluded from school attendance.

IF YOUR CHILD IS ILL [EC§49451] A child may be sent home if s/he is believed to be suffering from a contagious or infectious disease. Students will be sent home if they have a temperature of 100 degrees or higher and must stay home until they are symptom free for 24 hours without the use of fever reducing medications such as Tylenol® or ibuprofen. Students with vomiting/diarrhea will be sent home and must stay home until they are symptom free for 24 hours without symptom reducing medications or with physician release. Students who develop an infection requiring antibiotics may not return to school until after being on the medication for 24 hours or if a student has a written release from a physician. If you keep your child home from school due to symptoms of a contagious disease, please notify the school office as soon as possible.

KINDERGARTEN AND FIRST GRADE PHYSICAL EXAM [EC§§49450; HSC 124085, 124100, 124105, 120475] For each first grade student enrolling in school, parents are required by state law to present certification signed by a physician that states the child has received a physical examination within the past 18 months. You may wish to contact the Shasta County Health Department, who, through the Child Health and Disability Prevention Program (CHDP), may be able to provide a physical exam for your child at no cost to you. If you do not provide the certification, you must file a waiver at

the school stating your reasons for noncompliance. Your child may be sent home if you fail to provide the certificate or waiver, and if your child is suspected to be suffering from a contagious disease.

KINDERGARTEN AND/OR FIRST GRADE ORAL HEALTH ASSESSMENT [EC§49452.8] Parents must have their child's oral health assessed by a licensed dentist or licensed dental health professional by May 31 of the student's first year of school. Assessments within the 12 months before the child enters school also meet this requirement.

FLUORIDE APPLICATION Pursuant to HSC§104830-104865, your child may receive the topical application of fluoride, including fluoride varnish, or other decay-inhibiting agent to the teeth during the school year. If offered, parents must consent to the treatment on behalf of a minor child. This District does not provide fluoride applications. Consult your dentist for more information.

IMMUNIZATIONS [HSC §§120370(a)(2), 120372(a), 120325, 120335, 120440; EC§§48216, 49403] Your child must be immunized against certain diseases before being admitted to school, unless exempted for medical reasons. January 1, 2016 was the deadline for parents to exempt their children from required immunizations based on their religious or personal beliefs. Students who had a signed waiver based on religious or personal beliefs on file by January 1, 2016, are exempt from the immunization requirement until they complete the “grade span” they were in as of January 1, 2016. Grade spans are: (1) birth through preschool, (2) Kindergarten through 6th grade, and (3) 7th through 12th grade. Students who entered the District for the first time, or who advanced to 7th grade, after July 1, 2016 are no longer exempt from immunizations based on religious or personal beliefs. Students who have a medical exemption issued before December 31, 2020 will be allowed continued enrollment until they enroll in the next grade span. As of January 1, 2021, the District will only accept medical exemptions that are submitted on the California Department of Public Health’s standardized, statewide medical exemption certification form. (Health and Safety Code §§120370(a)(2) and 120372(a).)

Parents must provide documentation that their child has been fully immunized against diphtheria, pertussis (whooping cough), tetanus, poliomyelitis, measles, mumps, and rubella, and varicella (chickenpox) (students must be immunized for varicella or provide proof from a doctor stating child has had the disease), or the child may not be admitted to school. In addition, all students entering 7th grade must provide proof of the T-dap booster immunization. The required immunizations are available from the County Health Department, a physician, or may be administered by a healthcare practitioner acting under the direction of a physician. If an outbreak of a communicable disease occurs at a school, any non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration. Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section.

MEDICATION [EC§49423] Any student who must take prescribed medication at school and who desires assistance of school personnel must annually submit a written statement of instructions from the physician and a parental request for assistance in administering the medication. Students may carry and self-administer prescription auto-injectable epinephrine and/or inhaled asthma medication upon the school's receipt of specified written confirmation and authorization from the student's parent and physician or surgeon. The parent/guardian shall provide for his/her child any and all specialized medical equipment and/or supplies required for their child as it relates to a specialized health condition or administration of medication(s). The District shall only provide specialized equipment that is used at school and that is needed to implement a student's IEP or Section 504 Plan.

CONTINUING MEDICATION REGIMEN [EC§49480] Parents of any student on a continuing medication regimen for a non-episodic condition shall inform the school nurse or other designated certificated school employee of the medication(s) being taken, the current dosage, and the name of the supervising physician. With the consent of the parent, the school nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

SCOLIOSIS SCREENING [EC§49452.5] Between grades 6 and 8, your child may be screened for scoliosis (curvature of the spine), unless you submit a written denial of consent.

VISION AND HEARING APPRAISAL [EC§49455] The district is required to appraise each student's vision upon initial enrollment and every third year thereafter until the student completes the 8th grade. The appraisal shall include tests for visual acuity and color vision; however, color vision shall be appraised once and only on male students. The evaluation may be waived upon presentation of a certificate from a physician, surgeon, physician's assistant, or optometrist setting out the results of a determination of the student's vision, including visual acuity and color vision. In addition, the District will periodically test students for hearing deficiencies.

GUIDELINES FOR MANAGEMENT OF LIFE-THREATENING ALLERGIES [EC§49403, 49414, 49423, 49423.5, 4923.6., CCR 8:5193] Anaphylactic reactions, most often caused by exposure to substances to which a student is allergic, can be life threatening. The sources of these allergens are typically food, medicines, insects and latex. When a student has a life-threatening allergy, it is the responsibility of the parent or guardian to inform the school staff of the student's allergic condition. The student's physician will establish specific treatment procedures and provide these to the school. School staff will be made aware of these procedures and be knowledgeable about the location of necessary medications and their administration. Staff members are trained to recognize the reactions, follow the written procedures, and be aware of the District's guidelines regarding life-threatening allergies. District staff will work with parents/guardians on an individual basis to accommodate the needs of the student with allergies/potential anaphylactic reactions. The goal for these students is to diminish the risk of accidental exposure to their specific allergens.

GUIDELINES FOR USE OF EMERGENCY EPINEPHRINE AUTO INJECTORS/ MANAGEMENT OF UNDIAGNOSED ANAPHYLAXIS [EC§49414; SB 1266] Current law requires schools to provide emergency epinephrine for individuals who may be experiencing anaphylaxis. Anaphylaxis is a severe allergic reaction which can occur after exposure to an unknown food, an insect sting or even (rare) after exercise. School nurses or trained personnel may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an anaphylactic reaction. Contact health services for more information.

CONCUSSION [EC§49470-49475] A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Signs and symptoms of a concussion can show up immediately after the injury or may not appear or be noticed until days or weeks after the initial injury. In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. Signs and symptoms of concussion include: headache, nausea or vomiting, dizziness or balance difficulties, double or blurred vision, sensitivity to light and/or noise, feeling sluggish, hazy, foggy, or groggy, difficulty concentrating, confusion, memory difficulties, or not "feeling right." An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs: loss of consciousness (even briefly), appears dazed or confused, presents with difficulty with balance, memory, or has behavioral changes, has unequal pupil size, is drowsy or cannot be awakened, has a headache that gets worse, complains of weakness or numbness, is nauseous or vomiting, has slurred speech, or has seizures. Rest is key to recovering from a concussion or head injury. Avoid exercising or activities that involve a lot of concentration such as studying, playing video games, and working on the computer. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, weeks, or even months. Repeated concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to the brain and can be fatal. If you notice any signs and symptoms listed above following a blow, bump, or jolt during practice or a game, notify the coach immediately. When your child signs up to play a sport, school staff will provide a Sports Handbook. Please refer to the Sports Handbook for additional information on concussions.

SUDDEN CARDIAC ARREST INFORMATION Cardiac arrest caused by a cardiac arrhythmia will suddenly stop blood flow to the brain, causing the victim to lose consciousness. A few seconds after the heart stops pumping

blood, the brain will stop telling the body to breathe. If someone is in cardiac arrest, 911 will be called and CPR begun. Please refer to the Sports Handbook for additional information.

TYPE 2 DIABETES INFORMATION [EC§49452.7] Type 2 diabetes is the most common form of diabetes in adults, and until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens. According to the US Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime. Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy. The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. But in type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

RISK FACTORS ASSOCIATED WITH TYPE 2 DIABETES It is recommended that students displaying or experiencing the following risk factors and/or warning signs associated with an increased risk of type 2 diabetes be screened for the disease:

- The single greatest risk factor for type 2 diabetes in children is excess weight. In the US, almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease. .
- Being inactive further reduces the body's ability to respond to insulin.
- Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

WARNING SIGNS AND SYMPTOMS ASSOCIATED WITH TYPE 2 DIABETES Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

TYPE 2 DIABETES PREVENTION METHODS AND TREATMENTS HEALTHY lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels. Visit a doctor who can a) determine if a child is overweight based on the child's age, weight, and height; and b) request blood glucose tests to see if the child has diabetes or prediabetes.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

TYPES OF DIABETES SCREENING TESTS THAT ARE AVAILABLE

- Glycated hemoglobin (A1C): A blood test measures the average blood sugar level over two or three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

- Random (non-fasting) blood sugar: A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- Fasting blood sugar: A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided here is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

SUN PROTECTION [EC§35183.5] When students are outdoors, they may wear sun protective clothing and may apply sunscreen and lip balm during the day without a doctor's note or prescription. Specific clothing and hats determined by the school/district to be inappropriate may be prohibited by the dress code policy. No school personnel are required to assist pupils in applying sunscreen.

MEDICAL AND HOSPITAL INSURANCE FOR STUDENTS [EC §§32221.5, 49472] Our district does not provide medical, accident, or dental insurance for pupils injured on school premises or through school activities, and the district assumes no liability for accidents to students at school. Information about a medical/dental accident insurance program offered by an outside agency is provided. The low-cost plan provides assistance to meet some of the expenses for accidental injury. Two levels of benefits are available. A detailed brochure/application is available at your child's school office. A no-cost, free prescription drug card is also available at your child's school office. School districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. However, this requirement is met by the offering of insurance or other health benefits that cover medical and hospital expenses. Information about no-cost or low-cost local, state, or federally-sponsored health insurance programs may be obtained by calling Healthy Families/Medi-Cal for Families at 888-747-1222.

DRUG, ALCOHOL, STEROID, AND TOBACCO PREVENTION PROGRAMS [EC§§49033, 60041; HSC§11032] The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on district premises or as a part of any of its activities is strictly prohibited, and violations will be investigated. Violators will be subject to prosecution in accordance with local, state, and federal law and district disciplinary action up to and including expulsion, being required to satisfactorily complete a drug abuse assistance, tobacco cessation program, or rehabilitation program selected by the district. The district's drug, alcohol, and tobacco education and prevention programs address the legal, social, and health consequences of drug, alcohol, and tobacco use and provide students with effective techniques to resist peer pressure to use illicit drugs, alcohol, or tobacco. Parents may contact the school for additional information. The district does not support or endorse specific programs or agencies, but provides the information to assist parents and students.

CONFIDENTIAL MEDICAL SERVICES [EC§46010.1] The state provides that school districts may excuse students in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. School districts are permitted to grant such excuses, but are not required to do so. If you have questions about this, contact your child's school.

PUPIL MENTAL HEALTH SERVICES A list of community mental health resources can be accessed under Parent Resources on the District website, eesd.net, or by contacting the district or school office.

Pupils must conform to school regulations, obey all directions, be diligent in study, be respectful of teachers/others in authority, and refrain from profane/vulgar language. For detailed school rules, please see your child's school handbook. A consistent method of responding to serious incidents has been developed with the understanding of the varying maturity level of different age groups. Following is a representative sample of expected disciplinary actions for violations of behavior expectations.

- | | | |

A parent's liability may be as much as \$10,000 in damages and an additional \$10,000 for payment of a reward, if any. The school district may withhold grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom.

VIDEO MONITORING Video monitoring may occur on district property and in accordance with district regulations on video surveillance practices. Board Policies provide additional information on this topic. Contact the school office if you have questions.

CELL PHONES, SMART WATCHES, ELECTRONIC DEVICES [EC§48901.5] We strongly recommend that personal electronic devices such as cell phones, smart watches, tablets be left at home due to possible loss or damage. Electronic communication devices are not to be used during the school day. The principal will provide explanation and interpretations if requested. Information that is alleged to be inaccurate or inappropriate may be removed upon request. In addition, parents may receive a copy of any information in the records at reasonable cost per page within 5 business days of the request. District policies and procedures relating to: location of, and types of, records; kinds of information retained; persons responsible for records; directory information; access by other persons; review; and challenge of records are available through the principal at each school. When a student moves to a new district, records will be forwarded upon the request of the new school district. At the time of transfer, the parent or eligible student may review, receive a copy (at a reasonable fee), and/or challenge the records. If you believe the district is not in compliance with federal regulations regarding privacy, you may file a complaint with the United States Department of Education.

RELEASE OF PUPIL DIRECTORY INFORMATION [EC§49073, 20 USC§1232] The district makes student directory information available in accordance with state and federal laws. This means that each student's name, birthdate, address, telephone number, email address, major course of study, participation in officially recognized school activities, dates of attendance degrees and awards received, and most recent previous public or private school attendance may be released in accordance with board policy. Height and weight of athletes may be made available. Directory information does not include citizenship status, immigration status, place of birth, or national origin. Appropriate directory information may be provided to any agency or person except private, profit-making organizations (other than employers, potential employers, or the news media). Upon written request from the parent of a student age 17 or younger, the district will withhold directory information about the student. Requests must be submitted within 30 calendar days of the receipt of this notification. Written consent of the parent must be obtained before directory information pertaining to a homeless student may be released. TRANSPORTATION AND SCHOOL BUS SAFETY

BUS TRANSPORTATION While transportation to/from sports or other after school activities is the responsibility of the parent, the district provides bus transportation to and from school for eligible students. Eligibility is based on Board Policy as follows: Students in grades K-3 must reside more than 3/4 mile from school; 4th-5th grade students must reside more than 1 mile from school; and students in grades 6-8 must reside more than 1.5 miles from school in order to be eligible. *Subject to change due to pending legislation. If there is a change, families will be notified.

A list of bus stops is available for review at each school site. Our stops are approved for safe boarding and drop off for our students. When arriving at the bus stop, park on the same side of the street as the bus stop location, eliminating the danger to children crossing the street. Make sure students are at the bus stop at least 5 minutes before scheduled pickup times. Transporting kindergarten students requires special attention and care, so we take precautions to help ensure safe arrival and drop off. If no parent is at the bus stop at the drop off time, your kindergarten student will be returned to the school. Please accompany young children to the bus stop and meet them upon their return. Children who walk to the bus stop are to use sidewalks or the shoulder of the road. Do not allow your children to play/damage other people's property. Children are to wait for the bus in a safe place, well off the roadway, in a single file line, until the bus is stopped and the bus driver has opened the door. Children are to enter the bus in an orderly manner, no pushing or shoving, quickly find a seat, and remain seated while the bus is in motion. Students should be reminded to check-in at home after they exit the school bus.

The primary responsibility of the driver is to operate the bus in a safe manner, so each student must assume responsibility for his/her conduct while on the bus. Parents are liable for all misbehavior of their children at the neighborhood bus stop. Students at the bus stop or on the bus are subject to the discipline policies of the school for their behavior.

PLEASE REVIEW THESE BUS RULES WITH YOUR CHILD.

Pupils must be seated, may not change seats while riding a bus, and must appropriately wear a seatbelt if the bus is so equipped.

1. Fighting, pushing, throwing objects, or other unruly conduct will not be allowed.
2. All parts of the body are to be kept inside the bus.
3. Pets, glass, or other dangerous objects, which in the judgment of the bus driver pose a danger, may not be transported on the bus.
4. No eating or drinking on the bus is allowed during daily runs between home and school.
5. No loud or distracting radios or other electronic devices will be allowed on the bus.
6. All student projects, crafts, and other personal property ("show and tell" objects, toys, etc.) shall be safely secured in backpacks, and shall not be played with during transportation.
7. Students who do not normally ride the bus will not be permitted to ride, even with parent/guardian request, unless there is sufficient seating capacity for the regular riders.
8. Students will not be allowed to get off the bus at a stop other than their own without a written request from his/her parent or guardian. Neither bus drivers nor parents may alter the designated school bus stops. ALL written requests must be submitted to the school office who will then convey the information to the Transportation Department. Drivers will not accept requests.
9. Most students are courteous and thoughtful bus riders. The following procedures will be instituted for inappropriate behavior:

VERBAL WARNING: The bus driver will inform the student that this is an official warning.

1ST BUS CONDUCT REPORT: Initial warning of improper behavior. Student may be denied bus privileges. 2ND BUS CONDUCT REPORT: Student will be denied bus privileges for a minimum of one school day.

[EC§§51210, 51223] Students in an elementary school maintaining grades 1-8 are required to receive a minimum of 200 minutes of physical education instruction each 10 school days, exclusive of recesses and lunch periods. Complaints regarding the failure to comply with these physical education instructional minute requirements may be filed under the Uniform Complaint Procedures. Complainants not satisfied with the district's decision may appeal to the California Department of Education (CDE) and receive a written decision from the CDE within 60 days.

WILLIAMS COMPLAINT PROCEDURE [EC§§35186, 37254, 48985, 52378] Deficiencies regarding instructional materials, facility cleanliness and safety, emergency or urgent facility conditions that pose a health or safety threat to students or staff, and teacher vacancies or misassignments, fall under the Williams Act. Parents should use the aforementioned Uniform Complaint Procedure, with the following modifications, to file a complaint. Forms are available, free of charge, at the school office, but you need not use the form to make a complaint. Forms should be turned into the principal or designee who will make every reasonable attempt to investigate. Complaints beyond the site authority will be forwarded to the district within 10 days. Complaints may be filed anonymously. If the complainant identifies him/herself, a response may be requested and will be sent to the mailing address on complaint. If the district is required to provide material in a foreign language, based on California Department of Education census data, and if requested, the response and report will be written in English and the language in which the complaint was filed. The form has a checkbox to request a response and indicates where to file the form. It should take no longer than 30 days to remedy a valid complaint. Within 45 days of filing a complaint, notice should be sent to complainant when a response was requested. A principal will also inform the Superintendent of resolution in the same timeframe. If you are not satisfied with the resolution, you may describe the complaint to the Governing Board at a regularly scheduled meeting. Quarterly, the district reports the number of resolved and unresolved complaints and summarizes data regarding complaints and resolutions to the county superintendent and the local Governing Board in public session making it part of the public records.
